# INTERNATIONAL CONFERENCE ON BIOLOGICAL INVASIONS 13<sup>TH</sup> EDITION

## WORKSHOP #8 CITIZEN SCIENCE AND INVASIVE ALIEN SPECIES

This workshop aims to discuss the use of citizen science at different stages of biological invasion management, illustrating with some practical cases, from early detection to the record of established invasive species or biological control agents. The workshop will consist of two parts: 1) Introduction to the topic, presentation and discussion of citizen science projects with alien or invasive species (in a classroom); 2) practical activity, outdoors, using a citizen science App to report alien or invasive species.
